DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4-9, 14, 16, 18, and 19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Applicant claims a first and second color-selective wave-plate that convert the polarization direction of a first and second wavelength region that are not the same. The first and second wave-plate of Ouchi converts the polarization direction of light of the same wavelength region. No prior-art was found that either alone or in combination with Ouchi or other prior-art taught the two wave-plates wherein 80% or more of a light component between the two wavelengths of light first incident on the polarization splitting surface is S-polarized; in combination with all of the limitations of the independent claims. Accordingly claims 1, 4-9, 14, 16, 18, and 19 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
